Report of Principal and School Improvement Council

From the Principal's desk....

The Williams Middle School faculty and staff have been involved in various activities to improve student learning. Teachers have participated in both district and on site staff development activities.

Many students participated in the Extended Day Program. The purpose of the program is to increase academics and PACT scores. Family nights were held in conjunction with the program to increase parental involvement. Family nights afforded the program an opportunity to showcase student knowledge and talent.

The second annual school wide showcase was held in February. It provided all students an opportunity to display their work, present a project, or participate in a performance. The Wax Museum was the highlight of the evening.

Williams Middle School participated in an on-site visit from the Making Middle Grades Work Program through the Southern Regional Education Board. The goal of the program is to insure that middle school students are prepared for high school courses. The three day visit consisted of a twelve member team, including three committee members from outside the district, nine members from the community, teachers, district office staff and parents. The visit was thorough and rewarding.

Williams Middle School continues to seek additional and better ways to improve academic achievement. We are striving for excellence, and we will achieve it. We ask that you assist us in this task.

Leon A. McCray, Jr., Principal
Karin Heustess, School Improvement Council Chair
